Blockbuster Cable Book By Fairbanks Reader - Bonnie Brody Cables Untangled: An Exploration of Cable Knitting is a blockbuster of a book and a must-have for every knitter's library. If you like to knit cables - or want to learn to knit them - this is the book for you. It has information on how to knit cables as well as a stash of great patterns that will have you salivating to get started right away. Besides the patterns, there is a very useful cable stitch dictionary and a list of resources for knitters. The patterns are wonderful!!!! I love the Simple Hat and Scarf Set knit in a soft pink hue with Classic Elite Cashmere yarn. Of course, if you are not into pink, like me, this can be knit in a whole different palette. There is a section called 'Accents for the Home' and in it there are

patterns to make your home more wonderful than it already is by adding your creative flavor. The Aran-Style Afghan is just great for a chilly evening and is knit with Norwegian Spirit/Sandnes Garn's Alfa superwash. It is shown in an off-white ivory, the traditional aran color and its size is 52" x 68" plus fringe. The Harvest Tweed Afghan is my favorite afghan in the book. It is knit in a orange tweed colorway and uses Classic Elite Gatsby yarn. The size is 48" x 68" excluding the fringe. The Sampler Afghan calls to me. (By now, you must have picked up that I'm an afghan lover). It is knit in a soft blue and utilizes Classic Elite Montera. I've knit with Montera before and it's soft, pliable and a joy to work with. The finished measurement is 52 x 68". There is a section called Clothing for Women and it contains some beautiful pieces. I wish I could have them all but my pocketbook will say 'no' at some point. I love the Tweed Pullover in a blue/white tweed, knit with Westminster Fibers/Rowan's Scottish Tweed DK. The sizing is for real women - small to 2X. I hate those knitting books that only go up to a size 38. Let's get real. Most of us are a bit bigger than that. The section called Gifts for Your Lucky Friends and Family has a wide array of patterns that will be hard to part with once they're knit up. The Man's Intertwined Cables Pullover is a beauty. It's knit in a heathered blue with Cascade Yarns Cascade worsted weight. The little girl's Crewneck Pullover is just as viable for boys as for girls. It's knit with Westminster Fibers/Jaeger's Baby Merino and goes from size 2 up through size 8. I know my husband will love the Man's Tweed Pullover knit in a golden colorway with Westminster Fibers/Rowan's Yorkshire Tweed DK. There are flecks of blue, white and brown in the tweed and it looks just stunning. Overall, this book is out and out wonderful, one that I know I will use a lot. When I purchase a knitting book I ask myself three questions: Are the patterns ones that I will use? Are the patterns easy to read? Is the book a good resource? The answer to all three of these questions is a resounding 'YES'. Do yourself a favor and get a copy of this book and start knitting. 0 of 0 people found the following review helpful.
