**Yuki Deschene : CAKESOAP (Japanese edition): Japanese Sweets Deco Soap Making** before purchasing it in order to gage whether or not it would be worth my time, and all praised CAKESOAP (Japanese edition): Japanese Sweets Deco Soap Making:

It looks tasty and even smells great, but you can't eat it because these cakes are made of soap. But, it's very good quality of soap, good for your skin. This book shows how to make 16 different types of cake soaps. This book is a

Japanese edition. There is an English edition, too.
