Jody Wright : Cats Stained Glass Pattern Book (Dover Stained Glass Instruction) before purchasing it in order to gage whether or not it would be worth my time, and all praised Cats Stained Glass Pattern Book (Dover Stained Glass Instruction):

0 of 0 people found the following review helpful. just o.k.By macherbook is to complicated2 of 2 people found the following review helpful. Great for glass work or quilting!By CrystalI bought this pattern book, not for stained glass, but for use in making a quilt. The designs are great and very easy to use since each piece is separate.0 of 0 people found the following review helpful. Very pleasedBy CatcompanionThis book has the cutest patterns and also not many difficult cuts. I love this book and have made 5 already.

This all-original collection of stained glass patterns will have craftworkers purring with delight! Stunning renderings of sixty cats reveal dozens of favorite breeds in all their feline glory: napping, cavorting, exploring, and simply being

their beautiful selves. Combining abstract designs with natural elements to create striking visual background effects, each portrait will add vibrancy to a host of stained glass projects, including window panes, lampshade panels, light catchers, mobiles, and more. Ready for use in a rich variety of shapes and sizes, artisans of every skill level can easily reduce or enlarge each pattern, making them adaptable to countless creative projects.
