Who remembers the Soup Dragon and the Iron Chicken?!By sally tarboxThe Clangers was a brilliant British animation from the 60s and 70s, and still has a cult following among us oldies!I LOVED this book which enables you to create and people the Clangers' 'small blue planet' where they live in underground caves covered with dustbin lids!Personally I would probably only use the knitting patterns in this book to make the mouse-like Clangers (with their little felt waistcoats) and their friend the Soup Dragon (a splendid creation of knitting and felt scales).But if you're a real enthusiast, there's instructions for all the props to create their world. From a papier-mache planet surface; music boat; seesaw; pin-tree; music-tree; copper-tree; living caves and a rocket.Not forgetting, of course, the Clangers' friends, the Froglets (from wooden beads) and the Iron Chicken (silver painted lollipop sticks).BRILLIANT!

Resembling small pink anteaters, the adorable knitted Clangers--who live in underground caves on a blue moon far

away in space--have transfixed television audiences around the world since 1969. This fantastic new book explains how to knit your own Clanger, as well as such friendly characters as the Soup Dragon, Iron Chicken, and the Froglets--even your own Clanger planet!

About the Author Peter Firmin is the co-founder of Smallfilms, which produced the popular children's television programs Clangers, Noggin the Nog, Ivor the Engine, and Bagpuss.
