Designed as a reference work for weavers, Coleccin de puntos de tejido functions as a dictionary of two needle points, where each point is presented with a diagram, photo, and written explanation. This book presents 300 points of weaving, including basic techniques for beginners as well as those most complex, alternating between colors, textures, numbers and letters. It also contains a chapter that teaches the correct utilization and union of the points, detailed written instructions, a dictionary of abbreviations, and a glossary of terms.

About the AuthorMelody Griffiths has commissioned and designed garments and accessories for women's magazines and worldwide yarn manufacturers for 20 years. She has also worked as a knitting editor and is the author of 201 Crochet Motifs, Blocks, Projects and Ideas, Crochet in No Time and Knitting in No Time.
