**Leisure Arts : Leisure Arts' Best 250 Christmas Quickies** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Leisure Arts' Best 250 Christmas Quickies:

1 of 1 people found the following review helpful. Lots and lots of ideas  
By mountain girl  
Leisure Arts does their usual good job of providing a large variety of patterns and projects, mostly traditional with some on the cutesy side, but then this book was published in 1995, and includes designs from the decade leading up to that year. These colorful items include ornaments, gifts, clothing items, and home decorations for Christmas, with full-color and easy-to-read illustrated stitch charts, thread keys, and photographs of the project being featured. As usual, too much emphasis and space is placed on the artistically "staged" picture of the item, instead of an essential item close-up which is of much greater value to the stitcher. But the designs are adaptable to most any ideas you have, from table runners, sweatshirts, pillows, mugs, finger towels, framed thread "portraits", and sock cuffs (!) to glass jar tops. A short index, some general instructions on stitch diagrams and finishing techniques, and a few templates are included in the back. They every

threw in a few recipes for goodies to put into your basket and x-stitched bread cloth. An altogether satisfying and comprehensive, but not ground-breaking, book.0 of 0 people found the following review helpful. Nice bookBy JanAs always, there are more items I won't use than the ones I will. Nice book though0 of 0 people found the following review helpful. Lots of patternsBy PatticakeCute and easy cross stitch patterns. It will come in handy for future projects.
