On a car trip, she shared with the 7 1/2 year old and it became a must have item for the younger child. Only problem is that the book caused up so much enthusiasm that second looms need to be bought so the more complicated patterns could be worked.0 of 0 people found the following review helpful. Good but not 100% clearBy technomamaMy children had me making things from this book and while it was relatively straight forward, there were a number of times I had to start over. This book was not for the true

beginner. I still like it and would recommend it but keep in mind you will need patience0 of 0 people found the following review helpful. Good item, a little confusingBy Paula ReneeBought for my 10 year old stepson. He did like it but he confused him. He read it as well as youtubed it how to make the items so he could understand it better. Once he did understand though he was able to keep doing it.
