I've followed her blog for years and have made many of her recipes, all with great results. I also follow her on her You Tube channel. She is a wealth of information and I have learned so much from her. Plus, she's a hoot to watch! I couldn't wait to get my hands on her book, and it doesn't disappoint! I'm in the process of moving, but as soon as I have all my supplies set up, I will be diving into her recipes. I'm pretty excited to get started. Great job, Marie!3 of 3 people found the following review helpful. A-1 Recipe and Resource Guide - woohoo!!By kerryOmg, recd this gorgeous(!) book on the heels of xmas and right before NY Eve so I've barely gotten a chance to flip thru it. From what I've seen it is beautifully written and photographed AND very easy to follow recipes and directions. Hopefully I've enough in my stash to do some concocting and testing today. Looks wonderful and I know this book will be a favorite go-to for a long, long time. Thanks Marie!!4 of 4 people found the following review helpful. Great book, lots of informationBy B.L. B.Excited to try some of these recipes! I have made many of Marie's products and find her instructions easy to follow and most ingredients readily available. I appreciate all the research she has done to bring us DYIers great products.

Ever think of making your own beauty products- handmade, high performance, healthy alternatives to just about every chemical laden product you currently put on your face and body? It's easier than you think! In *Make It Up* author Marie Rayma shares the recipes she has developed through years of trial, error, and testing to come up with the very best. This is real makeup and skincare: bright lipsticks, quality mineral powders, long-wearing eyeliners, and masks and cleansers that yield results. Rayma walks you through natural ingredients available online or at health food stores. These awesome oils, butters, clays, and minerals will replace the petroleum products, artificial colors, and lab-created mystery fragrances that have untold effects on our bodies. Products can be tailored for individual needs- from swapping out ingredients not suitable for sensitive skin to whipping up the perfect colors suited for any complexion. With easy-to-follow instruction, *Make It Up* provides more than 40 essential cosmetics and skin care projects so you can make just what you want, when you need it.
