Turn your house into a home with 11 pieces of beautiful fabric wall art. Wall quilts are the perfect place to experiment with new techniques (piecing, applique, and quilting) without committing to a large-scale project. And with patterns from popular designers Rebecca Bryan, Emily Cier, Jenifer Dick, Becky Goldsmith and Linda Jenkins, Kathreen Ricketson, Camille Roskelley, Kim Schaefer, Heidi Staples, and Laura Wasilowski you have a great variety to choose from in this value-packed book!

A great compilation of designs previously published in different publications and now presented together in a new

format. 11 takes on the wall quilt, designed by well-known quilt designers. These small mini quilts are quick to make. The 11 designs are varied with something to appeal to all. A variety of techniques are used such as different ways to applique, and block assembly. Some of them would translate very easily into larger designs. The finished quilts are of different sizes. Suitable for using scraps. Easy to follow and clear instructions illustrated in full colour throughout with line drawn templates included. (yarnsandfabrics.co.uk, 7/9/2017) This book is perfect for a weekend getaway. Eleven well-known quilt designers offer varied and fun patterns for small wall hangings. Laura Wasilowski, in her usual, quirky style features a wonky, bright, log cabin pattern. Emily Cier's design uses scrappy circles of brightly coloured fabrics on a background of pale, neutral scraps. What a great excuse to go delving into your stash. Becky Goldsmith offers a cute, little quilt for a child's room featuring animals and birds. For those who like a challenge, Rebecca Bryan offers a stunning colour wheel made of brightly coloured hexagons on a white background. Any of the wall hangings would be perfect to brighten up your sewing room or give as a gift. (CQA/ACC, Autumn 2017)
