**Danny Ronat, Hava Ronat : Making Handmade Lampwork Beads Glass Jewelry** before purchasing it in order to gage whether or not it would be worth my time, and all praised Making Handmade Lampwork Beads Glass Jewelry:

0 of 0 people found the following review helpful. Very insightful By K.scott Book was very well written, detailed and had a great layout. I only wish that some of the photos were larger. 0 of 0 people found the following review helpful. Beads and Glass jewelry By Linda Young My sister is interested in creating glass beads so I bought this book for her for Christmas. She says it looks good. I hope it will be the catalyst to get her started on an artistic journey 1 of 1 people found the following review helpful. Great for the beginning glass worker. By Sharon This is a great book for ideas when beginning as a glass crafter. Clear instructions and great illustrations. A good buy!

Delicate yet durable, cold to the touch, but full of charm: glass beads are amongst the worlds most ancient forms of art. Today, they are enjoying a popular revival, as people discover their miniature magnificence, and are using them to

create vibrant pieces of unique jewelry. Glass beads are not only beautiful to behold; they are also a pleasure to create. With some fundamental tools and careful instructions, amateurs and artists alike can form colorful glass beads, and use them to make bracelets, necklaces, earrings, and more. *Making Handmade Lampwork Beads Glass Jewelry* teaches readers everything they need to know about making glass beads and using them! The first section provides clear guidelines on how to make glass beads, from start to finish. Readers receive a full explanation of the tools and materials they'll be working with. Following this are step-by-step instructions, accompanied by full-color photographs, for making a variety of beads. Some of the beads are perfect for beginners, others will spark the imaginations of experienced beadmakers. The second section provides instructions for making necklaces, bracelets, and other pieces of jewelry using handmade glass beads. The projects show readers how to combine handmade beads with other beads to maximize their splendor and really show off their distinct beauty.
