Jane Greenoff : New Cross Stitcher's Bible (Cross Stitch (David Charles)) before purchasing it in order to gage whether or not it would be worth my time, and all praised New Cross Stitcher's Bible (Cross Stitch (David Charles)):

7 of 7 people found the following review helpful. Has great tips and instructions for a newbieBy MaryBeth DawsonI used to do some needlework years ago, and decided to do a project this year to use at my church, so actual people will see it. I needed help on the basics, and quickly! I found an older version of this book in the library, and it was so useful, I have bought a copy. It talks about the differences in threads, how to choose number of strands, which way to

stitch, fabrics, basics of the stitches, reading a chart, all of that. Very helpful reference. 3 of 4 people found the following review helpful. So glad that it is spiral bound. By avid reader U.S. This is quite a nice spiral bound book (I bought used). The one question it does not answer is how to transcribe a cross stitch design onto fabric using either a special pencil or perhaps special paper. Counted cross stitching is time consuming and for my old eyes I prefer something that does not involve so much counting! I may just try to use my special blue pen (the ink washes out with water) and just sketch the major parts of my very busy cross stitch design onto the fabric. The design I purchased is counted and covers the entire fabric and will be very labor intensive. Otherwise, this is a very handy little book to have and I really appreciate the color photos, the little notes from the author and of course that it is spiral bound to lie flat. 0 of 0 people found the following review helpful. Excellent! By P. Stoddard Complete cross stitch book. This has everything that I need to renew my interest in stitching. Thank you!

This is a completely new and revised edition of the best-selling "Cross Stitcher's Bible", from one of the world's favourite cross stitch designers, Jane Greenoff. This essential guide to cross stitch and other counted thread embroidery techniques includes an extensive illustrated stitch library. Inspiring new projects present exciting stitching challenges, ranging in size from cards to cushions. Versatile motifs and sampler picture designs are all clearly charted and can easily be adapted for other projects. This is the must-have, easy-to-follow companion for all cross stitchers to bring them up-to-date with the latest trends, techniques and materials.

"Packed full of essential information...invaluable..." Quick Clever Cross Stitch 'An excellent reference book' Cross Stitch Collection" About the Author Jane Greenoff, managing director of the Cross Stitch Guild, is one of the most successful and popular cross stitch designers in the world, and the author of 15 books.
