**Jim Megura : Official Price Guide to Bottles** before purchasing it in order to gage whether or not it would be worth my time, and all praised Official Price Guide to Bottles:

0 of 0 people found the following review helpful. My wife and I think it's neat to see the different ones we come across on trips and like having this guide to be able to look upBy LandlordI got this book to check out some various bottles I came across. It is a handy guide if you are even remotely into glass bottles. My wife and I think it's neat to see the different ones we come across on trips and like having this guide to be able to look up the majority of them0 of 0 people found the following review helpful. This seem better than what I expectedBy Cherylgot exactly what I was

wanting. This seem better than what I expected. Will order from this selling again when I need more. 1 of 1 people found the following review helpful. Very helpful  
By Edwina Moorman  
Great book to help in trying to find what kind of bottles you have in your collection. Dug up quite a few from grandparents old farm and was pleased to find information in this book. Good photos and information.

-- Completely Revised and Updated. This priceless sourcebook contains new bottle categories, with a special emphasis on reproductions, distinguishing between the old and the new, dating, attribution, and discerning fakes -- plus brief, invaluable discussions of pressed/Sandwich glass and blown glass: pitchers, bowls, and more!-- A Market Review that spots trends and places them in perspective, gives prices paid at auction, and looks at the future of bottle collecting.-- Expert Guidance on starting and maintaining your own collection, including advice on how to choose a bottle specialty and what kind of investment will be required.-- Handy Tips on buying, selling, and trading show you how to make the most of antique shops, flea markets, pawn shops, and tag sales.-- Vital Information includes listings of dealers across the country and helpful reference books -- plus a glossary of key terms from "applied lip" to "whittle marks."-- Fully Illustrated with a lavish eight-page color insert.

From the Publisher  
As soon as Jim Megura did his update on BOTTLES I had to turn immediately to the Avon Bottles section. It took me right back to sitting in my grandmother's kitchen, looking through the catalog the Avon lady left, and admiring all the goodies, particularly the fancy bottles filled with scent. Sometimes I got to pick out a bottle of cologne for myself, too. All those bottles are long gone now, but I had to take a look to see if I recognized any on the list. Jim has done a wonderful job of providing up-to-date prices and new information, and the 8-page color insert is particularly lush. The book is a real treat for bottle collectors.--Randy Ladenheim-Gil, Editor, House of Collectibles
