**Sidelines, Ronald Kidd : Peter Pan (Golden Sight 'n' Sound Book)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Peter Pan (Golden Sight 'n' Sound Book):

I'm not sure if it's bad enough to return and risk one in worse condition ...By lovinlifeI bought this from netbooks warehouse under " very good" condition. The book doesn't seem to have much wear and was well taken care of and all the buttons work. My only issue is that the buttons can be a little stubborn and sometimes doesn't sound the first time you press. I bought similar used books that were by golden sound that didn't have this issue. I'm not sure if it's bad enough to return and risk one in worse condition though. These were some of my favorite books as a kid so I hope it stays in decent working condition for my son. :)0 of 0 people found the following review helpful. Five StarsBy YKSVarun Peter Pan golden0 of 0 people found the following review helpful. The book it self was in good condition but sound effects did not workBy Cheryl gambinoThe book it self was in good condition but sound effects did not work. I put new Batteries in it and it still did not work. It was for my autistic son. He was very upset it did not work I paid \$7.00 for the batteries for nothing

Presents the storybook version of the Disney movie featuring an electronic keyboard which plays various sound effects.
