Wendy Butler Berns : Photo Album Quilts before purchasing it in order to gauge whether or not it would be worth my time, and all praised Photo Album Quilts:

0 of 0 people found the following review helpful. A great reference/resource book for a quilting library By IceDancingKarenWorth every cent. Amazing instruction and advice. Recommend it to those just getting started with pictorial quilts, as well as advanced quilters. 0 of 0 people found the following review helpful. Great book Ms By Mart Kunzer Great book Ms. Burns explains in detail how to make photo and line drawing (any art) into a quilt, very easy to understand. So good I purchased another for a gift. The bad news is the book is out of print. She an Amazing Quilter/artist! 0 of 0 people found the following review helpful. Five Stars By Susan Clarkson I've been wanting to try this method for a while. Her instructions seem simple to follow.

What do quilting and photography have in common? Both are time-honored ways of preserving cherished memories and they both come together in a very special one-of-a-kind volume. Written by popular quilt designer Wendy Butler Berns, it shows how to incorporate your most precious pictures, from beloved snapshots of ancestors to children's artwork, into a unique quilt. Anyone, from beginners to confident, experienced quilters can master the

creative techniques, which include creating a line-drawn template from the enlarged original image, breaking down the dark and light tones, choosing the fabrics for each piece of the design, then reassembling and applying the image onto a backing. The 25 quilts are all perfect for hangings, and each is shown with the photo that inspired it.
