This book is filled with stories and great artwork you may not have seen, including existing re-theme pinball projects he's done in the past, toy models, black light posters. Both the front and back have partial velvet fabric in the black areas, which makes it a nice fuzzy warm book to hold as you read it.1 of 1 people found the following review helpful. 6 Stars!By SactoJim66Worth the Wait! This book is so great with so much detail and vivid color photos. I have a Metallica machine so this is extra special for

The felt on the cover was an unexpected touch and really adds to the book. Beautiful printing and great colors in the book.

Pop-art connoisseurs are treated to a mind-bending journey through the blistering paintings of San Francisco artist Dirty Donny Gillies. Take a visual tour of his vibrant, hand-drawn and screen-printed poster art series "Blacklight Rebellion" and hand-painted solo art show "Fantastic Voyage." This ultimate collection of cool also includes his iconic work for Stern Pinball, metal giant Metallica, Vans Skate, Snap-On tools, and Cruz Pedregon's Top Fuel Funny Car, not to mention work on his own air-brushed 1970s boogie van. The art attack continues with eye-melting imagery from skateboard decks, decal sets, toys, guitars, drums, and his series of model kits for AMT. Pop-art collectors will appreciate full-page photos from the likes of legendary street photographer Ricky Powell, as well as the commentary by Ed Robertson of the Bare Naked Ladies, Mastadon's Brann Dailor, Brendon Small of animated series Metalocalypse, Howie Pyro, (Danzig, D-Generation) and fellow weirdo artist Skinner.
